Sunday Morning – Instructional League

10:00 am (*Drop-In*)

Build your confidence on the ice. The Instructional League is designed for newer curlers who want to develop their skills and become more comfortable in regular league play. Each week focuses on a different aspect of the game through a combination of instruction, drills, and game play led by a certified instructor. Participants in our Learn to Curl program also take part in this league, but any newer curler is welcome to attend whenever they want to improve their skills.

Sunday Afternoon – Junior Program

Sunday Afternoon – Five & Under League

2:45 pm (*Weekly Sign Up*)

In your first five years of curling? There's a competitive curling community just for you. The Grand National Curling Club (GNCC) Five-and-Under program gives adult curlers with five or fewer years of experience the chance to compete against others with similar skill levels. Our Five & Under League provides a place for Ardsley curlers interested in these events to improve their skills, gain experience, and connect with others interested in competing. Sign up week by week whenever your schedule allows. Each session offers opportunities to improve your game through a mix of practice and game play, meet potential teammates, and prepare for Five & Under bonspiels throughout the season.

Sunday Evening – Doubles Weekly Sign Up

5:00 pm (*Weekly Sign Up*)

Try doubles—whenever it fits your schedule. Sign up each week as an individual, a 2-person team or a 4-person sheet for the Olympic event where each curler throws about half their team's shots and helps formulate their team's strategy. With no season-long commitment, it's an easy way to try one of curling's fastest growing formats and get another game in before the week begins.
